2012 Agency Meeting Agenda.pdf

Good afternoon!

The purpose of this email is to transmit the final agenda for the Pebble Environmental Baseline Agency Meetings next week in Anchorage (January 31 - February 3, 2012) and to provide instructions for those attending the meetings remotely via WebEx.

As in years past, the Agency Meeting location is not open to the general public and in-person attendees will be limited to registered agency personnel, project consultants and Pebble employees.

Please note that presenters will only be accepting questions from agency personnel. For remote attendees, questions may be submitted to AgencyMtg@PebblePartnership.com. This email account will be monitored throughout every presentation, and questions submitted through this account will be asked at the end of each presentation. Questions will only be accepted from agency email addresses.

In order to test the software on remote attendee computers, Pebble is offering a brief IT check on Monday, January 30. To test your remote attendance capabilities, click on the following link at 11:00

Anchorage time on Monday the 30th :

<https://pebbleevents.webex.com/pebbleevents/onstage/g.php?t=a&d=668605470>. Questions regarding this online test can be directed to AgencyMtg@PebblePartnership.com.

Pebble Limited Partnership will record all sessions offered at the 2012 Agency Meetings. These recordings will be posted to the internet after the agency meetings have been completed; details may be found at www.pebblepartnership.com. Additionally, copies of the entire 4-day session will be available on DVD. To request a copy of this DVD please email AgencyMtg@PebblePartnership.com after February 3rd, 2012.

If you have any questions regarding the preliminary schedule, please contact Katherine Sampson at (907) 339-2600 or KatherineSampson@pebblepartnership.com.

Thanks,

Katherine Sampson
907-339-2616

This Email message contained an attachment named
image001.jpg
which may be a computer program. This attached computer program
could
contain a computer virus which could cause harm to EPA's
computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses
introduced
into the EPA network. EPA is deleting all computer program
attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate,
you
should contact the sender and request that they rename the file
name
extension and resend the Email with the renamed attachment.
After
receiving the revised Email, containing the renamed attachment,
you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.

3:40 PM	Visual	Kim Graham	USKH
4:10 PM	Land Use / Recreation	Charlotte MacCay	LDN

The Pebble Partnership invites you to join the online web broadcast “webinar” of the 2012 Baseline Environmental Team Agency Meeting presentations, highlighting the Pebble Environmental Baseline Document. This invitation is being provided to allow members of the public the opportunity to watch and listen to the presentations live online.

To participate in the webinar, please use the links provided on the following page to join the meeting session each day in order to view the presentations on your computer screen in real time and with the option to listen to audio via your computer. We are working to make video of the presenters available via a live stream over this link, as well.

At the time of the actual meeting, when you open the meeting link, after registering you will be prompted to open and run an ActiveX Control. This control requires administrative access to your computer. **If you do not have administrative access to your computer, use the second install option offered by WebEx after registering.**

The broadcast for each day’s meeting will begin at 8:15 am (AST) and continue until the last presentation of the day has concluded. Presentations will begin at 8:30 each day. You do not need to pre-register for the online broadcast, but you will be prompted for a password – the password is Pebble. You may leave and re-join while the meetings are in session. You will need to re-register each day via the links provided on the next page.

After you have logged into the meeting, the webinar application will display the PowerPoint slides in real time along with audio and video of the presenter. There is a small toolbar for the WebEx application that allows you to control the screen size. Note that if you maximize the presentation view to take up your entire screen, you will need to use the toolbar controls to minimize the screen to regain access to your normal desktop.

The webinar toolbar has a section for sending text messages directly to the webinar administrator. This messaging feature can be used to get assistance with using the webinar program or to provide feedback concerning the audio sound quality. Please note that meeting presenters will not be monitoring the toolbar text messages and the toolbar should not be used for asking questions to the presenters. Alternately, you may call the webinar administrator (Ben Mohr) at (907) 223-7635 if you need assistance before or during the webinar, or contact him by e-mail at benmohr@pebblepartnership.com you need assistance prior to the start of the meetings. Please note that due to the large number of presentations to cover each day meeting presenters will only accept questions from agency personnel.

Pebble Limited Partnership will record all sessions offered at the 2012 Agency Meetings. These recordings will be posted to the internet after the agency meetings have been completed; details may be found at www.pebblepartnership.com. Additionally, copies of the entire 4-day session will be available on DVD. To request a copy of this DVD please email AgencyMtg@PebblePartnership.com after February 3rd, 2012.

Pebble Project Baseline Environmental Team Agency Meetings

January 1 – February 3, 2012

Remote Attendee Login Information

Agendas are available by following any link below and viewing "Event Material"

Day 1

Date: Tuesday, January 31, 2012

Start Time: 8:15 AM

To join the Tuesday, January 31 agency meeting sessions, open the link below at any time during the meeting.
